VDP to Add Continuous Glucose Monitors to Formulary June 3, 2026

Effective June 6, 2026, the Texas Health and Human Services Commission (HHSC) Vendor Drug Program (VDP) will add continuous glucose monitors (CGMs) to the VDP formulary as a pharmacy benefit. The monitors are currently covered by Texas Medicaid as a medical benefit.

Texas Medicaid will only reimburse pharmacy claims for CGMs if the pharmacy is also enrolled as a durable medical equipment (DME) provider.

VDP will provide additional details in the months before implementation.
